

AN OPEN SECRET AMONG THE LADIES

The brilliant, fascinating tints of complexion for which ladies strive are chiefly artificial, and all who will take the trouble may secure them. These roseate, bewitching hues follow the use of Hagan's Magnolia Balm—a delicate, harmless and always reliable article. Sold by all druggists.

The Magnolia Balm conceals every blemish, removes Sallowness, Tan, Redness, Eruptions, all evidences of excitement and every imperfection.

Its effects are immediate and so natural that no human being can detect its application.

TELEGRAPHIC NEWS

The Spanish.

Madrid, 19.—King Alfonso was warmly received at Valencia. He was loudly cheered by crowds of people along the railway route from Madrid. The King attended to duty at the cathedral and reviewed the troops. He goes to Barcelona on Monday.

Quiet having been restored throughout Spain, various bodies of gendarmes engaged in quelling the recent uprising have returned to their former stations. The provincial officials are actively inquiring into the causes of the rebellion. Documents found on an insurgent who belonged to the northern army show that Masonic societies have been influencing the army since 1870. Among the documents is a circular issued by the Junta in Paris on the occasion of the dynasty left, setting forth every contingency likely to arise. It was intended that the first movement should be made in 1875 and another in 1881.

King Alfonso was visited to-day in Valencia by a deputation of the conservative club. In reply to their address the King said no deputation could be more agreeable to him, as they were members of a club which was formed not because he had ascended the throne, but in order that he should ascend it.

The governor of Paternat, in introducing to the King a deputation of rice-growers, protested against the recent rising. The King, in reply, said the loyalty of the working class mitigated the grief which the rising had caused him. He would do his utmost to make Spain great and prosperous. Every party except the advanced faction participated in the cordial reception tendered the King.

Ministers have decided to continue the state of siege and suspension of guarantees until the king returns to Madrid. Madrid, 20.—Madrid newspapers are discussing the expediency of forming an alliance between Spain, Austria and Germany, in order to check the influence of the French democracy in Spanish politics.

The Irish.

London, 19.—It is probable an Irish bishop will go to America to raise money to supplement the £5,000 set apart by the Irish tramways bill for immigration from Ireland.

The House of Commons continued in session until 2.20 Sunday morning. The supply bill was finished and the Irish tramway bill passed its third reading. The government assures Parnell and followers that only £5,000 will be devoted to immigration purposes. The debate was very bitter throughout. In addition to Biggar, O'Connell and Newdegate were called to order by the chairman.

Dublin, 20.—The Freeman's Journal deprecates the violent language to which utterance has been given by the Commons recently, by Irish members. It says: "It serves no good end."

London, 20.—This morning's Times commenting on the language used of late in the Commons by a number of members for Ireland and particularly that of Haughey in his response on Saturday last to Gladstone's remarks, when the former declared there was a state of war between England and Ireland, says: "A sterner demeanor on the part of the house will before long be necessary in view of these revolting excesses."

The Christian Educators.

Chautauque, N. Y., 19.—This morning, Dr. J. H. Vincent preached a bascule sermon to the members of Chautauque Literary and Scientific association. Six thousand people were present. This afternoon General T. S. Morgan, of the State Normal school, Potsdam, lectured on Christian education as a factor in life. K. A. Burnell led the meeting of the Young Men's Christian Association, at 4 o'clock and Rev. D. Lyman Abbott preached in the evening on the foundations of the Christian faith. This week, President Seely, of Amherst college, Dr. Atkinson, G. Haygood, George Joseph Cook, Boston; Judge Albion, W. Fowkes, New York; and others will speak from the Chautauque platform. A concert of war songs will be given on Friday afternoon, including some Confederate songs, and Wallace Bruce's new hymn "The Nation Forever," set to music by C. C. Case, to be sung for the first time. The assembly will be closed on Monday of next week.

Riotous Scots.

London, 20.—There was serious rioting in the town of Cambridge, Lennox county, Scotland, on Saturday, between parties of Orangemen and Catholics, when twenty-six of the participants in the disturbance were arrested. Two police officers were dangerously wounded in quelling the disturbance. The rioting was resumed this morning when a number of Catholics armed with picks and shovels paraded the main streets of the town in search of religious antagonists, and resisted the efforts of the force of police sent to disperse them. The officers, unsuccessful in their attempts to break up the mob, were subsequently reinforced by a body of mounted police, and the combined forces, after a sharp fight, charged upon and dispersed the rioters, twenty of whom were arrested. The town is in a state of great excitement, as fresh trouble is expected.

Casualties.

Galveston, 19.—The News' Waco special says that information has just reached Waco that on Thursday afternoon a cyclone struck Oglesby, demolishing the station house and a store, scattering the goods all over the prairie. A man was blown a distance of two hundred feet.

A young man named Harris, at Peconic Grove, in Connetquot county, this afternoon, was struck by lightning, and he and his horse were killed.

New York, 19.—During a storm early to-day, lightning killed forty sheep and severely injured twenty-one, on the Stewart farm near Garden city.

The Black Vail.

Milwaukee, Wis., 19.—Forty-eight nuns at the convent of Notre Dame took the black veil to-day. They are all young women from different parts of the country. The services were private except to relatives, and were very impressive.

Antisemitic Riots.

Petersburg, 19.—There have been anti-Jewish outbreaks in Paulograd and Rostov. The disorders were promptly suppressed at both places and the instigators promptly arrested.

Suicide.

Westfield, N. Y., 19.—Dr. J. B. Campbell, a prominent physician in this town, committed suicide by taking chloroform. Caused by drink. Also at the same place, Wilder Bixford, a farmer in comfortable circumstances, shot himself in the right temple, the ball emerging from the rear of the left ear. At 9 o'clock Bixford is still alive and at times conscious. No cause is known.

Chicago, 19.—On Saturday morning a man and woman registered at the Commercial hotel, this city, as Mr. Crowley and wife. Not having reported for breakfast or dinner to-day the proprietor ordered the door of the room opened, when the man and woman were found lying on the floor unconscious, dressed in their night clothes. The window and transom were closed and the gas was escaping in the room. The man died before the patrol wagon arrived, and his body was taken to the morgue. The woman was removed to the hospital unconscious and up to a late hour to-night could give no account of herself. The man's clothes were marked "Tracy." It is thought to be a case of suicide.

River and Harbor Improvements.

Washington, 19.—The reports of engineer officers in charge of the river and harbor improvements for the fiscal year ending June 30th, 1883, have nearly all been made. The noticeable exceptions are with respect to the improvements subject to direction of the Mississippi river commission. Estimates are given in the reports for the completion of work according to the existing project on 252 of 291 cases. These estimates aggregate \$63,059,052. Statements of the amounts appropriated since the beginning of the work under the existing project are given in 231 of 291 cases, and these amounts aggregate \$38,475,546. The reports show that sum equal to almost half the appropriation made for these 291 works by the river and harbor bill in August 1882, remained unexpended on July 1st, 1883; aggregate sums remaining in the engineers' hands on that date being \$5,458,494.

More Railroads.

St. Louis, Mo., 19.—A dispatch from Dallas, Tex., says: Mr. Dair, treasurer and director, Mr. Crowley, master of transportation, and Mr. Temple, chief engineer of the Gulf of Colorado and Santa Fe Railroad, were in that city yesterday and their presence is interpreted to mean that the question of a northern outlet for their road is receiving earnest consideration. It is asserted on good authority that a scheme is on foot to extend the road from Dallas through northeastern Texas, Kansas and Missouri to connect with the C. & O., and that a representative of that system was recently in Texas consulting with the Santa Fe management for such arrangements. It is also asserted that the Atchison, Topeka and Santa Fe folks have been negotiating with the Gulf and Colorado company to build a connection with them. It is very evident some important move is to be made soon.

Glass Makers' Strike.

Pittsburg, 20.—It is expected a strike of window glass and hollow-ware blowers will take place next month. Work is suspended in all factories for the summer, but resumption should take place early in September. Manufacturers, however, insist upon a reduction of wages, in some instances as high as 25 per cent, and workmen assert that they will strike rather than submit to any reduction. Glass workers here are seceding from the Knights of Labor and joining the American Flint Glass Workers' Association. Chimney glass blowers and pressers have already seceded and next Sunday they will withdraw and enter the organization.

Criminalities.

Providence, R. I., 19.—James O'Hare was probably fatally shot by Patrolman Tyler, while resisting arrest.

Milwaukee, Wis., 19.—Fritz Ave, 50 years old, was struck on the head by a stone, at a general fight at a picnic of the Deutscher Maennerverein, at Friedman's gardens this afternoon, and probably fatally injured. Charles Smith and Tom Johnson are under arrest, as guilty of throwing the missile. Great excitement prevailed at the time, and the prisoners barely escaped lynching.

Terrific Storm.

Toronto, 20.—A terrific rain storm, accompanied by thunder and lightning, visited the north-west part of Ontario yesterday. At Listowel, water two feet deep in the streets. Several buildings and bridges were carried away and destruction to property was very great. At Windham the river rose twelve feet, the road, bridge and track were washed away, and the county road covered four feet deep with water. A quantity of standing grain was destroyed.

Government Examiners.

Chicago, 20.—Secretary Folger, accompanied by Collector Spaulding, has left the city for an excursion to Lake Superior, on board the United States cutter, Andy Johnson. The Secretary will go to Pictured Rocks; they will return to Detroit, and thence go to Geneva, N. Y.

Portsmouth, N. H., 20.—Secretary Chandler arrived this forenoon and has taken the Talspoos this afternoon for a summer trip, extending it at pleasure.

Assaulted by Strikers.

Montreal, 19.—An operator in the Great Northwestern office named England, was attacked this morning on his way home by four strikers, who knocked him senseless and then tried to strangle him, but were frightened off by the approach of a policeman. England's wounds are dangerous, but it is thought he will recover. The assailants escaped.

Telegraph to the Park.

New York, 20.—The Western Union line has been completed to Cincinnati, Mont., 50 miles south of Livingston, Mont., on the Northern Pacific railroad, from which point messages to the Hot Springs hotel, Yellowstone Park, are delivered free by pony express. The President and party will then be able to use the line.

Miscellaneous.

New York, 20.—Dr. Norvin Green, president of the Western Union company, is at the office to-day after several months' trip abroad. The Doctor was warmly welcomed by the officers and employees of the company. His trip has been of great benefit to his health, which he declares better than for many years.

SEEK

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN'S IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 25, 1881.

Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters: I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. I can justly be called the King of Bitters.

JOHN K. ALLENDEE.

BROWN'S IRON BITTERS is composed of Iron in soluble form; Cinchona the great tonic; together with other standard remedies, making a remarkable non-alcoholic tonic, which will cure Dyspepsia, Indigestion, Malaria, Weakness, and relieve all Lung and Kidney diseases.
